

Famous Old Recipe for Cough Syrup

Easy and cheaply made at home,
but it beats them all for
quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using the well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2 1/2 ounces of Pinex from any drugist, pour it into a pint bottle and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your drugist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Today's Events

Trafalgar Day, the 115th anniversary of Lord Nelson's great naval victory, will be generally observed throughout the British Empire today.

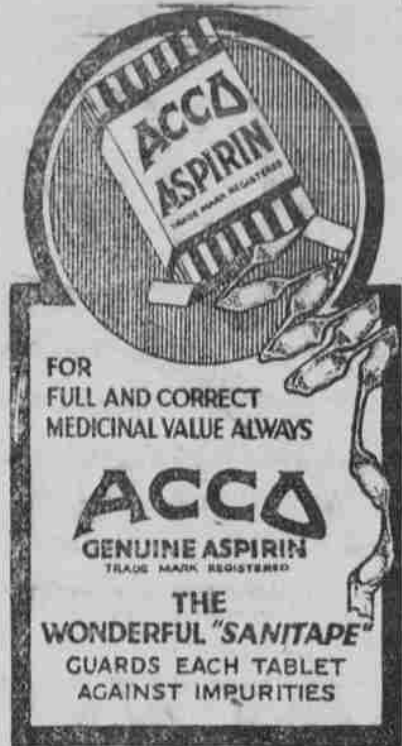

The annual convention of the South Vermont Textile Association, representing the Vermont manufacturing industry in the South, will open today at Granville, S. C.

Questions affecting technical education in all parts of Canada will be discussed at a conference of representatives of the various Provinces at Ottawa today.

Calvin I. Coolidge, Republican nominee for Vice President, will carry his campaign across a large section of North Carolina today, closing with a speech at Charlotte tonight.

In the Day's News.

The Anti-Saloon League of America, which probably did more than any other one organization to create the public sentiment which resulted in the adoption of the Federal prohibition amendment, owes its widespread influence largely to Howard H. Russell, who celebrates his sixty-fifth birthday today. For more than a quarter of a century Dr. Russell has been a leading spirit in the affairs of the league, beginning in 1893, when he first organized it in the State of Ohio. For eight years he was the general superintendent of the national organization and during that time he started the league in 31 States, travelling annually more than 50,000 miles.

Dr. Russell is a native of Minnesota and in his earlier career he practiced law for a time, was a county school superintendent in Iowa, and later was ordained to the Congregational ministry.

Today's Anniversaries

1805—Battle of Trafalgar, in which the British fleet under Lord Nelson defeated the combined fleets of France and Spain.

1821—Mrs. George H. Gilbert, who lived to be the oldest prominent actress on the American stage, born in England. Died in Chicago, Dec. 2, 1904.

1845—Will Carleton, author of the popular poem, "Over the Hill to the Poorhouse," born at Hudson, Mich. Died Dec. 18, 1912.

1879—Margaret Mather, celebrated actress, born at Tibury, Canada. Died at Charleston, W. Va., April 7, 1898.

1860—Sicily and Naples were annexed to Sardinia.

1872—Telegraphic communication established between London and Adelaide, Australia.

1890—National memorial of the defeat of the Spanish Armada unveiled at Plymouth, England.

1900—First successful trial of Count Zeppelin's airship.

Today's Birthdays

Sir William Christie, former Astronomer Royal of Great Britain, born 73 years ago today.

Ralph H. Cameron, Republican candidate for United States senator from Arizona, born at Southport, Maine, 57 years ago today.

John Burns, celebrated English labor leader and statesman, born in London, 62 years ago today.

Dr. James Lukens McConaughy, president of Knox College, born in New York city, 33 years ago today.

The 25th Anniversary of Petersen THE TAILOR

The Growth of a Custom Tailoring Business in 25 years

I feel assured that people in general and my regular customers especially, will be pleased to know that I have just completed a business period of twenty-five years in Bennington.

I started my strictly Custom Tailoring business in what was then known as the Stewart block on Main street, over the Swartz meat market, twenty-five years ago the first of October. I have since that time made clothes to the general satisfaction of all my customers, always maintaining style, workmanship and quality, never allowing the same to be lowered in any way. I have added to these features as years passed by and as I changed from one building to another I have enlarged my quarters until today I have as large, light, and sanitary a shop and salesroom as can be found anywhere in the state.

With the enlarging of my quarters in the past few years I have added from time to time different lines that I found, after a thorough try-out, to be all right in every respect and that I could offer to my customers without any fear of misrepresentation. Therefore I call your attention and inspection of the following lines:—

CUSTOM MADE CLOTHES. For Men and Young Men I make strictly Custom Made Clothes of every description and style, and have cloth and linings of all kinds for that purpose. I guarantee these suits to outwear three ready-made suits and to be correct style and a perfect fit or your money back. I have maintained this reputation for twenty-five years as my many satisfied customers will certify. This is line No. 1.

FUR COATS. I make Fur Coats to order and re-shell old ones for men. I also repair them. This is line No. 2.

ENGLISH-AMERICAN TAILORING, Inc. I handle the English-American Tailoring, Inc., of Baltimore, Md., clothes for all classes of men. This line sells for no more than ready-made clothes and more often for less. I take the measurement and very seldom have an alteration to make. These suits and overcoats will outwear two ready-made suits or overcoats or your money back. You can have the style you prefer and the material you desire. These clothes have been tried out by over 200 customers in the past few seasons and have proven so satisfactory that in most cases we have had duplicate orders. This is line No. 3.

READY-MADE TROUSERS. I handle ready-made workman and dress trousers, boys' knickerbockers and knee pants from age 2 to 18 years at a saving of from 50c to \$4.00. I carry a full line in stock and they are of first class quality. This is line No. 4.

MADE-TO-MEASURE RAIN COATS. The well known TUWAY. I handle the famous Tuway Men's, Women's, Boys' and Girls' made-to-measure raincoats in all styles. Plenty of cloth in them. They are made of the best 2-ply cloth or silk, rubberized between the seams sewed, stitched and cemented and will last for years. They are reasonable in price. This is line No. 5.

LADIES' CUSTOM MADE GARMENTS. I make Ladies' Garments of all kinds; coats, suits, skirts, dresses and silk waists in my own light, sanitary and up-to-date shop. Conditions are perfect for this delicate work. There is no better quality or workmanship to be found anywhere. A complete line of materials and linings is on display in the salesroom. This is line No. 6.

THE FUR DEPARTMENT. I have added to the Ladies' department the complete cleaning and making over of all kinds of furs. I give the same attention to the small that I do the large jobs. Prices reasonable. Estimates cheerfully furnished. I also have for sale fur coats from \$127 up; scarfs and muffs from \$14 up; capes from \$45 up. This is line No. 7.

LADIES' MADE-TO-MEASURE GARMENTS. I sell Ladies' made-to-measure coats, suits, skirts and silk and wool dresses. They are of the better class at practically the same price as ready-made. They are guaranteed to last several seasons and maintain their shape. I measure you for these garments and guarantee them or your money back. They give general satisfaction to the wearer. You have over 300 samples to choose from, giving you a better chance of getting your style and the material you desire. This is different than the ready-made where you have but little choice. Give me a trial when in the market and let me convince you. This is line No. 8.

Anyone having material of their own will find me ready to cut, trim, try on and make up the same for them at a reasonable charge, furnishing linings, buttons, etc. Ladies or Men. I will also sell any length of cloth and lining desired if you want to make your own clothes. I make buttons from your own material. Line 18 to 60 inclusive.

Repairing, altering, remodeling, dyeing, cleaning and pressing very satisfactorily and reasonably done in my shop.

I have Men's caps for sale at \$1.50.

I desire to state that these different lines handled by me are strictly guaranteed in every way. I employ only competent and skilled help, each one doing his particular part. Only by having such a complete organization is it possible for me to maintain the class of work I turn out. I believe that those who care for the better class of tailoring appreciate my keeping such an organization as it is for their benefit.

There are few towns the size of Bennington and few that are larger that are as fortunate in having such skilled tailoring establishments as the Benningtonians enjoy. Still some will criticize without any reason.

For twenty-five years I have served the people of Bennington to the best of my ability and I appreciate what they have done for me during the hard struggles and the better times. Bennington at all times has been home to me. In another twenty-five years I will have probably passed on from Bennington and the Green Mountain state and I wish good luck to the one who follows in my footsteps. I hope that he will have an easier path to travel as I have tried to make it smoother by rolling down some of the obstructions.

MISCELLANEOUS

LOST—Man's Hamilton gold watch with H. L. C. on the case, \$10 reward. Harry L. Copeland, Colrain, Mass. 2216

"If I could only get coffee like that at home!"

MOST men want their coffee right—delicious in flavor, satisfying in rich coffee body. Do you know you can get as good coffee at home as you ever tasted anywhere? Just two things are necessary—buy the right kind of coffee and make it right. The goodness of La Touraine Coffee is due to a secret formula—a special way of selecting, blending and roasting coffee, which it has taken us years to perfect.

We select several of the finest coffees from the thousands of different types and kinds in the world's markets. These are blended to a perfect balance of their distinctive properties, and roasted by chefs whose years of coffee knowledge have made them expert in determining the precise color and aroma these blended coffees demand.

Just ask your wife to try La Touraine. Tell her to buy it in the bean, and have the grocer grind it. The essential oils of coffee, which give it the rich flavor, are preserved longest in the bean. Insist on buying La Touraine only in the La Touraine Package.

Try Instant La Touraine. Quick, convenient, easy to make. La Touraine soluble coffee is so strong, which causes it to stay fresh longer. 4 sizes of can.

Send for Free Booklet. Our little booklet, "How I Make Perfect Coffee," fully illustrated contains the story of coffee and how it should be made. Sent free to any address. Write for it today.
